

CONTRACT DETAILS

Refurbishment and alterations to the South stand at
Barnsley Football Club to create a multi-functional
Youth Facility for Children in Barnsley

Client: Barnsley Metropolitan Borough Council

Consultant Architect: Barnsley Metropolitan Borough Council

Completion date: May 2010

Value: £400,000

PROJECT DESCRIPTION

The conversion of a void under the South Stand of Barnsley Football Club to provide state of the art facilities for local young people. Works included creating a recording studio, media room, stage and installation of audio visual equipment. New suspended ceilings, floor coverings, toilet facilities, kitchen and entrance were also completed.

CHALLENGES

There was a potential condensation problem from the interface of the new facility at the underside of the concrete terracing. This was overcome by the introduction of a specialist Kingspan product which was also used at the Emirates Stadium, home of Arsenal FC.
